Major airport hub for northern Mexico. Flight service, immigration, and customs all located at GA terminal. Land and clear customs before taxiing over to the fuel pumps. Pumps are located about 150 yards north of GA terminal. Airport is fenced and has good security.

Hermosillo

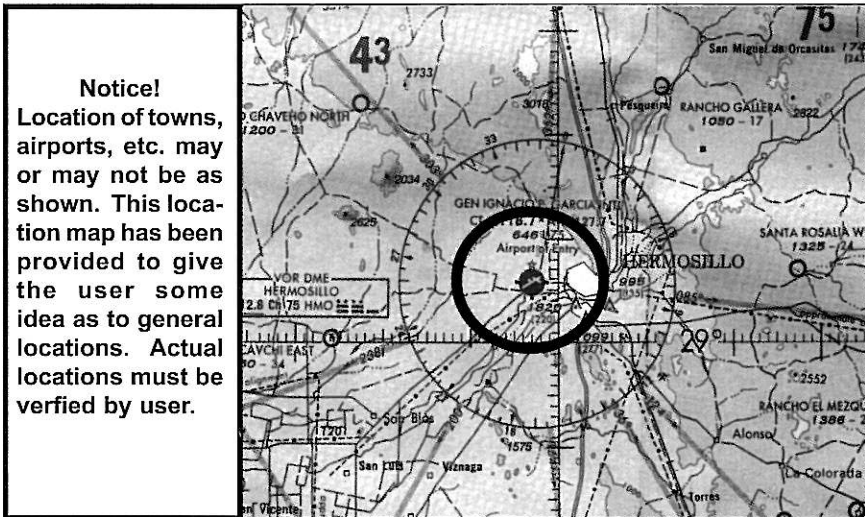

Other than being a major hub for Mexican airlines and a good AOE for private aircraft, I can't think of many more reasons to land here. Rental cars are available in the main terminal.

Airport is about 10 miles west of the city and most hotels are located along Boulevard Eusebio Kino.
