See Guanajuato: This airport serves both Guanajuato and Leon. It is confusing as it is called Leon but the name is Guanajuato International. We have put this airport in twice, once as Guanajuato and once as Leon.

# Leon

Leon is an industrial city of about 1,000,000 persons. It is famous for its leather goods including shoes, saddles, purses, etc.

The Plaza Principal is a nice square in the middle of Leon that has the Municipal buildings located on it. There are dozens of shoe stores in the center of Leon. The central plaza is located just several blocks from the Plaza Principal.
